Delicious FRUITS for The HOME

Ornamental Plants are our specialties; yet we sell a line of the most popular fruits for the Home Garden, covering the entire season. Every home should have plenty of nice, fresh "Home Grown" Fruit. It is an asset to good health, as well as a source of saving on the food bill. Fruit Trees add beauty as well as being producers of delicious food.

There are perhaps more Peach and Apple trees produced in Warren County than any other county in the state, and our orders are filled from the nurseries of men whom we believe to be reliable and trustworthy growers, who grow and sell only sound, healthy stock, prolific in fruiting and growing quality, true to name, thereby insuring success in your orchard and garden operation.

Delicious

Pear Trees

BARTLETT. A great favorite. Golden yellow with red cheek.

ROSES, NATURE'S MOST BEAUTIFUL CREATION

Roses thrive best in clay loam enriched with well rotted manure. They should also have an open, airy situation unshaded by trees or buildings wherever possible. A southeastern exposure is an ideal one. To get the best results from Roses, dig up the soil thoroughly to a depth of 12 to 15 inches. Soak the beds occasionally with weak manure water. Always plant in solid beds and each class by itself. Hardy Roses may be planted in the fall or spring. Dormant plants set in the spring should be planted early, before growth is started. No plants suffer more by being planted late than does the Rose. As Roses are raised mostly for their flowers, it is necessary to give that culture to the plant best adapted to produce this result. A very rich soil is of the first importance and it must be made so by thoroughly working into it plenty of old composted stable manure in which leaf mold has been decomposed. All Roses should be cut back closely at the time of planting. As soon as severe freezing weather sets in the plants should have some protection.

Pink Roses

COLUMBIA. Enormous blooms of clear pink, deepening to a glowing shade as it opens. Beautiful as a cut flower.

KILLARNEY PINK. Quite a favorite of brilliant silvery pink. Similar in form and habit to the Killarney White.

LA FRANCE. The color is a lovely shade of silvery pink tinged with crimson. Flowers very full and beautiful.

PAUL NEYRON. The flowers are immense, probably the largest and finest Rose. The color is a bright shiny pink, very beautiful.

RADIANCE PINK. This Rose will probably produce more first class blooms to the plant than any other variety, and is exceedingly vigorous, hardy and disease resistant, under all conditions. A lovely light silvery pink in color, with suffusion of a deeper color.

Red Roses

AMERICAN BEAUTY. Dark pink, shaded with smoky carmine; full globular form and most deliciously fragrant. Blooms with unusual freedom over a long season.

GRUSS AN TEPLITZ. An old favorite red Rose, always covered with its bright cherry-crimson flowers, which often cover the plant, and which are intensely fragrant. A large bush, very hardy.

RADIANCE RED. Similar in growth to Pink Radiance, but has long, bold cerise-red flowers, which are borne on long, heavy stems. A mighty good Rose.

ETOILE DE FRANCE. The bushes are blooming constantly, producing large, massive deep, full cup-formed flowers on stiff stems. Clear red or velvety crimson.

GENERAL JACQUEMINOT. Bright, shining crimson. Makes magnificent buds and flowers. One of the best and most desirable Roses for open ground.

Any of the above mentioned hardy 2 year bush roses, 40c each; \$4.00 per dozen, 1 year roses, 35c each, \$3.50 per dozen, unless otherwise specified.

White Roses

BESSIE BROWN. Large double flowers; pure white flushed with pink near center.

FRAU KARL DRUSCHKI. This is the white American Beauty. One of the most popular Roses grown; flowers pure white, very perfect in form.

KAISERIN AUGUSTA VICTORIA. Buds creamy, well formed, which develop into blooms of snowy white, with a slight tint of lemon at center. Very fragrant.

KILLARNEY WHITE. Very long pointed buds of the original Killarney form, but snowy white. This Rose is among the best pure white garden Roses.

Yellow Roses

LADY HILLINGDON. Apricot-yellow, shaded to orange on the outer petals, becoming deeper and more intense in the center of the bloom. A strong healthy grower.

LOS ANGELES. Flowers large and continuous, in color a flame-pink, toned with coral and shaded with translucent gold at the base of the petals.

LUXEMBOURG. A fine large, full double Rose of vigorous branching habit, and unusual freedom for the color, which is a rich golden yellow.

TALISMAN. Brilliant red and gold buds, opening to well shaped blooms of scarlet-orange and rich yellow. The most vivid color yet produced in Roses. Tall, vigorous growth; constantly in bloom. Choice, 2-year-old, field-grown plants, 50c each; \$5.00 per dozen.

Any of above hardy 2 year bush roses, except as otherwise noted, 40c each; \$4.00 per dozen.

Hardy Climbing and Rambler Roses

AMERICAN PILLAR. Flowers are produced in great profusion, fairly covering the bush. The color is bright pink.

CRIMSON RAMBLER. The best known Rambler Rose. Immense clusters of small, double, crimson blooms. Very pretty and showy.

DOROTHY PERKINS. The brilliant pink Rambler Rose. The bush is perfectly hardy in all localities. Beautiful miniature flowers of brilliant shell-pink in splendid pendulous sprays. Foliage deep green the entire season.

DR. W. VAN FLEET. Pale pink buds and flowers, equal in form and size to any of our bush Roses, borne on long stems, in midseason; blooming over a period of three weeks or more. One of the best of all climbers.

EXCELSA. Double, scarlet-crimson blooms with light streaks and shades. Clusters very large and produced with profusion. Rapidly displacing the old Crimson Rambler.

MADAME PLANTIER. Flowers are pure white, very large and double. Continuous bloomer. One of the best hardy climbing Roses.

PAUL'S SCARLET. A new hardy climbing Rose of the most vivid bright red. Blooms in clusters of half-double flowers, making a brilliant display for several weeks.

SILVER MOON. A remarkably beautiful Rose of purest color, long, creamy buds, showing the golden anthers through transparent petals. A very vigorous grower.

WICHURAIANA. The memorial Rose. Pure shining white, with bright golden center. Single, large blossoms, glossy dark green leaves.

Prices on above climbers, except where noted, 30c each; \$3.00 per dozen.

Etoile De France

Luxembourg

DOGWOOD (Cornus)

CORNUS AMOMUM (Silky Dogwood)—A spreading shrub with reddish purple twigs. The small white flowers in June are followed by blue berries.
C. LUTEA (Yellow-twigged Dogwood)—The golden yellow branches afford quite a contrast to the other varieties.

C. PANICULATA (Gray Dogwood)—A handsome shrub with gray branches. Leaves narrow green, turning to a reddish purple in the fall. This variety grows more compact than others, making it desirable for mass planting.

C. SANGUINEA (Red-twigged Dogwood)—A spreading shrub with deep red branches. Flowers greenish white in dense flat topped clusters. Berries black.

C. SIBERICA (Coral Dogwood)—Branches bright red, making an effective contrast in winter landscapes.

C. STOLONIFERA (Red-Osier Dogwood)—A remarkable showy shrub, with bright red bark. The small white berries lasting into winter.

	Each	Per 10

2 to 3 feet	.35	3.00
3 to 4 feet	.50	4.00

Lilac

Evergreens in Select Varieties

Rich in foliage, Beautiful in form

The splendid form and color of evergreens is most keenly appreciated in the winter when by contrast their rich green gives a note of warmth and cheer to the cold winter landscape. This same characteristic beauty of evergreens gives them individual distinction even in summer time. Their hardiness, their variation in form, color and habit make evergreens almost indispensable in any planting.

Juniperus » Juniper

A group of evergreen trees and shrubs of great beauty and adaptability. They are largely used in gardens and landscape plantings, and embrace species of great hardiness. The upgrowing forms make beautiful specimens, while the prostrate varieties are widely used as a ground cover.

VIRGINIANA. Red Cedar. The Red Cedar is America's best advertised evergreen. Nature planted it almost over all of North America. From the land of snow and ice, down through the far South, it is found in one form or another. A very hardy, pyramidal-shaped evergreen tree. Can be trimmed to any desired shape or form.

	Each	Per 10
12 to 18 inch	.40	\$3.20
18 to 24 inch	.60	4.80
24 to 30 inch	1.00	8.00
30 to 36 inch	1.40	
36 to 42 inch	2.00	

COMMUNIS HIBERNICA. Irish Juniper. Very erect and columnar, with dense, silvery green foliage, and upright branches. A few of these can be planted to advantage in almost every lawn.

	Each	Per 10
18 to 24 inch	.80	\$7.20
24 to 30 inch	1.60	14.00
30 to 36 inch	2.20	20.00

JUNIPERUS PFITZERIANA. Pfitzer's Juniper. One of our most popular Junipers, used largely in foundation planting. Its light feathery appearance and spreading habit make it ideal for borders.

	Each	Per 10
12 to 18 inch spread	1.80	\$16.00
18 to 24 inch spread	2.60	24.00
24 to 30 inch spread	4.00	35.00

JUNIPERUS EXCELSA STRICTA. A compact and slow growing Juniper with grayish green foliage. Very desirable for foundation plantings or as a specimen. Low growing, a distinct and beautiful evergreen.

	Each	Per 10
18 to 24 inches	2.00	\$18.00
24 to 30 inches	2.75	25.00

All Evergreens balled and burlapped unless otherwise specified.

Arbor Vitae

The leading Evergreen hedge plant. Equally attractive as a specimen.

AMERICAN ARBOR VITAE. Occidentalis. One of our most popular evergreens, because of its easiness to transplant. It thrives under most any condition; can be used as a specimen plant, and is fast becoming popular as a hedge plant.

	Each	Per 10
12 to 18 inch	.60	\$5.50
18 to 24 inch	1.00	9.00
24 to 30 inch	1.50	12.00
30 to 36 inch	2.00	18.00

CHINESE ARBOR VITAE. Orientalis. Very similar to the American, a little more compact; has dark green foliage. Can be planted singly or in groups. Stands trimming very well.

	Each	Per 10
12 to 18 inch	.50	\$4.50
18 to 24 inch	.65	6.00
24 to 30 inch	1.00	9.00
30 to 36 inch	1.50	12.00
36 to 42 inch	2.50	20.00

Berckman's Golden Arbor Vitae

BERCKMAN'S GOLDEN ARBOR VITAE. Aurea Nana. Of dense, compact form, golden color. Always beautiful, whether planted alone, in pairs, or on the edge of a group of evergreens.

	Each	Per 10
12 to 18 inch	1.50	\$12.00
18 to 24 inch	3.00	25.00
24 to 30 inch	3.50	
30 to 36 inch	4.00	

PYRAMIDALIS. Pyramidal Arbor Vitae. Strong, erect, pyramid-shaped, densely branched, with rich, dark green, glossy foliage. One of the best for specimen planting or for striking effect when planted as center of groups.

	Each	Per 10
12 to 18 inch	1.50	\$12.00
18 to 24 inch	2.00	18.00
24 to 30 inch	2.50	20.00
30 to 36 inch	4.00	35.00
36 to 42 inch	5.50	50.00

BROAD LEAVED EVERGREENS

Abelia

GRANDIFLORA. Glossy Abelia. The leaves are at first bright green, turning later to a darker green. The pinkish white flowers are delicately fragrant and continue from May to November. Grows 3 to 5 feet tall, and is well adapted for hedging.

	Each	Per 10
12 to 18 inches	.30	\$2.50
18 to 24 inches	.50	4.00
2 to 3 feet	.60	5.20
3 to 4 feet	1.00	8.00

Pfitzer's Juniper

Ligustrum » Privet

JAPANESE. A handsome evergreen shrub with thick, dark, glossy green leaves. Small, creamy white blossoms in early spring, followed by bluish black berries. Will stand trimming well. Each Per 10

	Each	Per 10
2 to 3 feet	.75	\$4.80
3 to 4 feet	1.50	6.90

Magnolia

GRANDIFLORA. Southern Magnolia. This is the grandest of all our native evergreen trees. Succeeds best in rich soil. Nothing more conspicuous can be seen among evergreens when its large white flowers are fully expanded. Its period of blooming begins the middle of April and lasts until August.

	Each	Per 10
2 to 3 feet	1.00	4 to 5 feet 2.50
3 to 4 feet	1.50	5 to 6 feet 3.50

Baxwood » Buxus

SEMPERVIRENS. The tall growing Boxwood that makes a large, roundish bush. The leaves are small, round, and glossy green.

	Each	Per 10
12 to 15 inches	1.20	\$10.00
15 to 18 inches	2.00	16.00
18 to 24 inches	2.80	24.00
24 to 30 inches	3.60	32.00

Special Bargain Offer ROSES HARDY TWO-YEAR FIELD GROWN

There is a large proportion of our customers, who are just starting their Rose Gardens and who are not so particular about certain named varieties, except when they order white varieties they want white ones; when they order yellow they want yellow varieties. For those and any other who want Roses, we are getting up a BARGAIN COLLECTION of bush monthly blooming Roses at a reduced price.

This collection will be two-year old field grown, cut back ready for planting before shipping, and will bloom summer of 1932 if properly planted.

The collection will consist of twelve different varieties, each one labeled, with its own proper name. There will probably be three red, three white, three pink, three yellow varieties.

Price \$3.50 per dozen, postpaid; \$3.25 your expense.

Remember at this low price we cannot allow you to select varieties. It will be strictly our choice in the collection. If you want to select certain varieties, the price will be 3 Roses for \$1.00, or per dozen, \$4.00.

Norway Spruce (Picea excelsa)

EXCELSA. Norway Spruce. A tree sometimes reaching 100 feet in height, with spreading branches and usually pendulous branchlets. Growth is very rapid; habit graceful; foliage dark green and dense.

	Each	Per 10
12 to 18 inches	1.00	\$8.00
18 to 24 inches	1.60	14.00
2 to 3 feet	2.20	20.00

RETINOSPORA PLUMOSA. Green Retinospora. Densely conical, with fern-like leaves of bright green, carried on erect, plummy branches.

	Each	Per 10
12 to 15 inches	.75	\$6.00
15 to 18 inches	1.00	9.00
18 to 24 inches	1.50	12.00
24 to 30 inches	2.00	18.00
30 to 36 inches	3.00	25.00
3 to 4 feet	4.00	35.00

ILEX OPACA. American Holly. The Christmas evergreen tree. The large, glossy leaves and bright red berries make it a most attractive tree. It is very easy to transplant, provided all leaves are removed at planting time. Use a good leaf mold or rich woods-dirt when planting.

	Each	Per 10
12 to 18 inches	.75	\$6.50
18 to 24 inches	1.25	10.00
2 to 3 feet	2.25	20.00
3 to 4 feet	3.75	35.00

FOREST and SHADE TREES

Shade trees are always an attractive setting for the house. They are necessary, too, to add comfort to the hot Summer days. The owner of farm or city property that is well planted with shade trees, windbreaks and shrubbery finds himself possessed not only of a beautiful home but one that has increased its value many times the original cost of the trees and plants.

Acer » Maples

The Maples are among the most valuable of all the shade trees for street or landscape planting. A moist, porous soil is best for them. They really cannot be too highly recommended. We offer the following varieties:

DASYCARPUM (Silver Maple). A very rapid growing tree of graceful spreading habit with leaves light green above and silvery beneath. Desirable for lawn or street planting. Will grow in poor and dry soil.

	Each	Per 10
4 to 6 feet40	\$ 3.50
6 to 8 feet60	5.00
8 to 10 feet80	7.50
10 to 12 feet	1.25	10.00

SACCHARUM (Sugar Maple)—Ideal for lawn and street planting. One of the stateliest native trees, growing to large size. The cool green leaves in spring, then turning to shades of orange and scarlet in the fall, make it one of the prettiest of shade trees. It is from the sap of this tree that the delicious maple sugar is made.

	Each	Per 10
6 to 8 feet75	\$ 6.50
8 to 10 feet	1.25	10.00
10 to 12 feet	1.75	15.00

POPULUS BOLLEANA—A tall columnar tree with silvery white bark, resembles the Lombardy Poplar, and like it, is useful for formal gardens, etc.

	Each	Per 100
Trees branched 7 to 8 feet60	\$45.00

THE RED BUD TREE—A pink cloud in spring bloom. Handsome at all times.

	Each	Per 10
4 to 5 ft.50	\$4.00
5 to 6 ft.70	6.40
6 to 8 ft.	1.00	9.00
8 to 10 ft.	1.20	12.00

Dogwood

CORNUS FLORIDA (White-flowering Dogwood)—A small tree desirable from every point of view. In spring they make a picture of beauty with their snowy flowers against a background of evergreens. The foliage is handsome during summer, and their red berries are one of autumn's chiefest charms.

	Each	Per 10
6 to 8 ft.75	\$6.50
8 to 10 ft.	1.00	9.00

If smaller or larger trees are wanted we can supply them.

Silver Maple, rapid growing and good in poor soil

PLATANOIDES (Norway Maple)—One of the best shade trees for all purposes, whether in the lawn or by the roadside. A favorite street tree. Grows to large size and is of neat compact habit with round head.

	Each	Per 10
6 to 8 feet	\$1.75	\$15.00
8 to 10 feet	2.75	25.00

WILLOWS (Salix)

SALIX BABYLONICA (Weeping Willow)—Probably the best-known Willow and splendid sort for formal effects. Has long drooping branches of olive-green.

	Each	Per 10
6 to 8 feet	\$1.00	\$ 7.50
8 to 10 feet	1.50	12.50

SYCAMORE OCCIDENTALS (American Sycamore)—A hardy native tree of great height. Large green leaves and silvery bark make it very attractive. Used largely for street planting.

	Each	Per 10
6 to 8 feet75	\$ 6.50
8 to 10 feet	1.00	9.00
10 to 12 feet	1.75	15.00

Populus » Poplar

Inexpensive, hardy, rapid grower, very much in use for quick or temporary effects. Easy to transplant, thriving under almost every condition.

NIGRA (Lombardy Poplar)—A tall, shaftlike tree, growing quickly. This tree is planted for ornamental purposes more than shade. Will branch from the ground up, and is used often for very high screen.

	Each	Per 10
5 to 6 feet50	\$4.00
6 to 8 feet75	6.50
8 to 10 feet	1.00	8.50

SIMONI (New Chinese Lombardy Poplar)—Similar to Lombardy Poplar, but foliage darker green. Grows rather tall, branching erect.

	Each	Per 10
5 to 6 feet50	\$4.00
6 to 8 feet75	6.50
8 to 10 feet	1.00	8.50
